

TEA ACADEMY KANDY

THE WORLD OF HOME-MADE CEYLON TEA

International Buyer Catalogue | October 2026 | Pilot Edition

Small-batch craft. Distinct origin. Direct producer access.

REAL TEA	CRAFT	TRACE	CEYLON
Camellia sinensis imagery	Handmade & small-batch	Producer-direct contacts	Sri Lankan origin

Curated for international buyers by Tea Academy Kandy

Buyer contact: D. M. Kobbekaduwe | +94 77 237 6343 | dmkobs@gmail.com

Visual standard: authentic tea shoots and producer-supplied product photography.

A Buyer Catalogue Built for Trust

A common presentation standard for independent Sri Lankan tea makers

This pilot edition brings selected producer catalogues into one unified buyer-facing portfolio. Each producer retains its own identity, contact details and product ownership, while Tea Academy Kandy provides a single coordination point for international enquiries.

01 REAL TEA LEAF STANDARD

Tea imagery should show authentic Camellia sinensis, with the two-leaves-and-a-bud plucking standard wherever practical.

02 DIRECT BUYER ACCESS

Producer phone numbers and email addresses are retained so buyers can contact the product owner directly.

03 ACADEMY COORDINATION

Tea Academy Kandy contact details appear throughout the catalogue for sourcing, coordination and follow-up.

04 EXPORT READINESS

Claims, labels, ingredients and destination-market requirements must be validated before final commercial release.

EXPORT REVIEW NOTE

Herbal, wellness and essential-oil tea concepts require ingredient, food-safety, labelling and destination-market regulatory review before being promoted as export-ready products. Medical or therapeutic claims should not be used without appropriate substantiation and approvals.

EOAS - Product Concepts

Producer-supplied visuals; export compliance to be verified product by product

TEA WITH SPICES & HERBS

Cardamom • Cinnamon • Citronella • Lemongrass • Lime • Sandalwood • Patchouli • Black pepper • Ginger • Vetiver • Turmeric • Palmarosa • Clove bud • Nutmeg

BUYER-SAFETY GATE BEFORE EXPORT LISTING

- Confirm every ingredient is food-grade and legally permitted for ingestion in the destination market.
- Validate formulation, dosage, contaminants and shelf-life through appropriate laboratory testing.
- Remove unsubstantiated health, disease-treatment or weight-loss claims from labels and catalogue copy.
- Confirm packaging, allergen, nutrition, traceability and importer requirements before shipment.

How to Enquire & Order

A clear pathway from catalogue interest to a compliant shipment

1

SELECT

Identify the producer and product(s) of interest.

2

CONTACT

Email the producer directly and copy Tea Academy Kandy if coordination is required.

3

VERIFY

Reconfirm product specification, price, MOQ, packing, availability and lead time.

4

SAMPLE

Request samples and technical information before commercial commitment.

5

COMPLIANCE

Confirm destination-market food, labelling, customs and importer requirements.

6

CONTRACT

Agree Incoterms, payment, quality criteria, documentation and dispute provisions.

7

SHIP

Proceed only after final label / specification approval and export documentation checks.
